

# PRADEEP SOUNDARARAJAN

FOUNDER CEO

MOOLYA | BUGASURA

Since graduating from Mookambigai College of Engineering in 2003, Pradeep has propelled to be an industry leading software testing expert. He is a leading software test expert and has authored 2 books, spoken at 50+ international conferences, built several companies taking them to multi million dollars in revenue.

Pradeep has played the role of a Consultant, Trainer, Coach, Mentor, Product Owner, Business Head across several organizations that include Impulsesoft, McAfee, Motorola and Aricent prior to starting his own companies.

Pradeep strongly believes that Mookambigai College, the faculty and the friends he made during his college time has played a pivotal role in he achieving this wonderful result in his career.

While professionally, Pradeep is successful, the people who surrounded him in Mookambigai college were health conscious as well and all rounders in sports. This has inspired Pradeep to take up yoga, gymming, running, table tennis and live a good holistic life.

Pradeep lives a life of gratitude and by the principle of Ubuntu - many people make him, possible. It is true that it takes a village to create a successful person and Pradeep strongly believes the people in Mookambigai is an important village in his life to make his life happen this good.
