

**Suresh Kumar G,
Founder & CEO - Pepul.
Co-founded & Bootstrapped,
MacAppStudio to a Multi-Million
dollar company
Founded Pepul , a positive social media
App for world from India.**

Pepul is the Safest Social Networking platform in India, where people share their beautiful life stories & skills in their interests. With our "Privacy-first" social platform and hyperlocal features, people can safely connect with nearby, like-minded, authentic profiles.

Pepul Creator is a place where talented Creators are celebrated and the best medium for creators to outshine in their talents. A platform to give "financial freedom to the creators"

Pepul

- Is the first social media platform to have self-verification using Aadhaar to get the blue tick.
- While Elon Musk is talking about verified users & positive social media. Suresh & team from Tamil Nadu has already launched it on January 26, 2022, India's Republic day with thousands of entrepreneurs, founders, supporters, community members and well-wishers.
- We hit the fastest 1 Million downloads milestones in just 78 days from the launch without any celebrities and only with people's support.

The ultimate goal is to put India on the Global Map. Pepul will be touching billions of users' lives and building a Ten Billion Dollar company. Pepul will do lots of good & positive things to the world of people.

Suresh Kumar Gunasekaran better known as

- Suresh Anna (Elder Brother) among the students, youth & staff
- For his audacious unimaginable vision of building companies with People-First culture among fellow entrepreneurs & business leaders.
- As an Entrepreneur he co-founded and bootstrapped multi-million-dollar company called MacAppStudio.
- Youth influencer and his LinkedIn posts have been viewed by over 50 million people
- Received Best Enterprising Youth Entrepreneur of the year for 2022

Suresh Kumar Gunasekaran

- Earned an Engineering degree from "Mookambigai College of engineering", Trichy.
- Has been awarded World's Most Valuable Developer by Intel
- Won \$200K prize money.
- He is one of the youngest and first in Asia to get the highest recognition of Intel BlackBelts
- Three-time winner of worldwide developer Challenges.

- Has inspired & given confidence to over two lakhs of students from 300+ colleges from rural places with his speeches and also throw his LinkedIn post, which motivated many students &

aspiring fellow entrepreneurs.

- Has given confidence to students & youth, irrespective of where they came from & who they are, to make it big in their life.
- Have been educating 100+ students who do not have one or both parents for their studies by running an NGO called "Uthavi".
- Sharing skills and providing free online courses via Bridge in MacAppStudio youtube channel, which enables rural students to get jobs.

Suresh left his two lakhs per month job, sacrificed US H1 Offers, and co-founded MacAppStudio in Madipakkam, bootstrapping from zero to a multi-million dollar company. Suresh recruits people from town & villages with humble background and never sees resume or conduct typical interviews.

Suresh after successfully bootstrapping MacAppStudio and running it for more than a decade. He found the Pepul to build a safe & positive social network in India. What started as a small seed by a team of humble people from rural places of Tamil Nadu.

எண்ணம் போல் வாழ்க்கை. விடா முயற்சி விஸ்வரூப வெற்றி...
